Love allows children to grow through their mistakes. Logic allows children to live with the consequences of their choices. Parents will learn simple and practical "how tos" that will give them happy, fun families; no fuss bedtimes; learning that whining and arguing don't work; meals without battles; discipline without losing their love and more. Whatever age your child the best time to start is now! This program is a nationally recognized program. Childcare is available for children 18 mos.-10 yrs for \$5/child. Limited childcare openings. Open on a first registered basis. Coffee, water, and snack are included in cost of the class.
